STUDENT SUPPORT MATERIAL
Class XII
HISTORY

Session 2019-20

Kendriya Vidyalaya Sangathan
New Delhi
A WORD TO MY DEAR STUDENTS

It gives me great pleasure in presenting the Students’ Support Material to all KV students of class XII.

The material has been prepared keeping in mind your needs when you are preparing for final exams and wish to revise and practice questions or when you want to test your ability to complete the question paper in the time allotted or when you come across a question while studying that needs an immediate answer but going through the text book will take time or when you want to revise the complete concept or idea in just a minute or try your hand at a question from a previous CBSE Board exam paper or the Competitive exam to check your understanding of the chapter or unit you have just finished. This material will support you in any way you want to use it.

A team of dedicated and experienced teachers with expertise in their subjects has prepared this material after a lot of exercise. Care has been taken to include only those items that are relevant and are in addition to or in support of the text book. This material should not be taken as a substitute to the NCERT text book but it is designed to supplement it.

The Students’ Support Material has all the important aspects required by you; a design of the question paper, syllabus, all the units/chapters or concepts in points, mind maps and information in tables for easy reference, sample test items from every chapter and question papers for practice along with previous years Board exam question papers.

I am sure that the Support Material will be used by both students and teachers and I am confident that the material will help you perform well in your exams.

Happy learning!

Santosh Kumar Mall
Commissioner, KVS
The Students’ Support Material is a product of an in-house academic exercise undertaken by our subject teachers under the supervision of subject expert at different levels to provide the students a comprehensive, yet concise, learning support tool for consolidation of your studies. It consists of lessons in capsule form, mind maps, concepts with flow charts, pictorial representation of chapters wherever possible, crossword puzzles, question bank of short and long answer type questions with previous years’ CBSE question papers.

The material has been developed keeping in mind latest CBSE curriculum and question paper design. This material provides the students a valuable window on precise information and it covers all essential components that are required for effective revision of the subject.

In order to ensure uniformity in terms of content, design, standard and presentation of the material, it has been fine tuned at KVS Hqrs level.

I hope this material will prove to be a good tool for quick revision and will serve the purpose of enhancing students’ confidence level to help them perform better. Planned study blended with hard work, good time management and sincerity will help the students reach the pinnacle of success.

Best of Luck.

Characteristics of the Harappan Civilization:-

(i) Planned Urban centre-unique feature of Mohenjo-Daro- two Sections
    a. The Citadel
    b. The Lower Town

(ii) Laying out drainage

(iii) Domestics Architecture
    a) warehouse / Granary
    b) Great Bath
    c) Bricks used for construction of buildings
    d) Double story building Other features

(i) Seals and Sealings used to facilitate long distance communication
(ii) Use of weights, usually made of stone called chert, generally cubical, with no marking.

(iii) Burials-to lay the dead in pits were found in Harappan Civilization some graves contained pottery and ornaments indicating a belief that these could be used in after life.

(iv) Use of enigmatic script-writing found in objects like seals, copper tools, rims of jars, terracotta tablets, jewellery, bone rods.

- Some archaeologists are of the opinion that Harappan society had no rulers, whereas other archaeologists feel that there was no single ruler but several rulers.
- Several explanation for the decline of Harappan civilization are climatic changes, deforestation, excessive floods, the shifting and / or drying up of rivers. Metals Known :-Gold, Silver, Copper, Bronze.

Scripts:-

The Harappan scripts are not yet deciphered. There are 375-400 signs.

The script was written from right to left.

Craft:-

Chanhudaro was totally involved for craft production.

They were experts in bead makings, shell cutting, seal making,

Weight making. Lothal was also one of the important places for craft production.

Modes of Transportation:-

Bullock carts and Boats.

S. A (3 Marks)

Q.25 Our Knowledge about the Indus Valley Civilization is poorer than that of other civilizations, why?

Ans:- Because -

- We could not read the script of that age till now.
- Dependency on only archaeological sources i.e. buildings, seal, beads etc.
- For other civilizations literary sources are available unlike Indus Valley Civilization.

Q.26 List the raw material required for craft production in Indus Valley Civilization and how these might have been obtained?

Ans:- - Stone - like carnelian, jasper, crystal, quartz, and steatite.
- Metal - like - copper, bronze, gold.
- Shell, faience and terracotta

Method of procuring material for craft production-

(A) They established settlement near the source of material - eg Nageshwar, Balakot
(B) They might have sent expeditions to areas such as the Khetri region of Rajasthan (for copper) and south India (for gold)

Q.27 What was the confusion in the mind of Cunningham while studying Harappan Civilization?
Ans:-
- He used the accounts left by Chinese Buddhist pilgrims who had visited India between the fourth and seventh century.
- He thought that Indian history began with the first cities in the Ganga Valley.

Q.28 What were the differences in techniques adopted by Marshall and Wheeler in studying Indus Valley Civilization.
Ans:-
- Marshall tended to excavate along regular horizontal units, measured uniformly throughout the mound ignoring the stratigraphy of the site. Due to this technique valuable information about the context of these finds was irretrievably lost.
- Wheelers recognized that it was necessary to follow the stratigraphy of the mound rather than digging mechanically along uniform horizontal lines.

Q.29 What were the features of settlements of pre-Harappa period?
Ans:-
- They had no large buildings.
- There was a prevalence of agriculture and cattle rearing. Some people were also engaged in sculpture.
- There was no well-planned network of roads and drainage system.
Q.30. How you can say that the people of Mohenjodaro were concerned about their privacy?

Ans:-
- On the basis of residential buildings & special structures.
- The main entrance of the houses was made in such a way that it did not give a direct view of the interior or the courtyard.
- There were no windows in the walls along the ground level.

Q.31. Mention any four items found in the graves of the Harappans?

Ans:- Jewellery of both men and women ornaments consisting of three shell rings, a jasper (Semi precious Stones) Beads and copper mirror.

Q.32. How you can say that there was a break between the early Harappan and the late Harappan Civilization?

Ans:-
- There is evidence of large scale burning at some places or sites.
- The abandonment of certain settlements.
- Some drastic change we can see in town planning, drainage system and other patterns.

Q.33. Why is Harappan script considered an enigmatic script or mysterious script?

OR

What are the main characteristics of Harappan Script?

Ans:-
- Because it is yet to be deciphered. Its mystery has still not been solved yet.
- It was not alphabetical. It had too many signs; all the signs symbolized certain things.
- The sign of this script were of the period 375 to 400.
Q.34. Write a note on the agriculture technology of Harappans?

Ans:-
- The prevalence of agriculture is indicated by finds of grains in various sites of civilization. Archaeologists have found evidence of a ploughed field at seals and terracotta sculpture indicates that the bull was known and oxen were used for ploughing.
- Two different crops were grown together.
- Canals and wells were constructed for irrigation. Traces of canals have been found in all the Harappan sites of Shortughai in Afghanistan; Water reservoirs have been found in Dhaulavira.

Q.35. How can you say that the Harappan culture was an urban one?

Ans
- The cities were well planned into upper and lower town.
- The roads were straight and wide.
- The houses were made of burnt bricks and contained more than one storey. Every house had a well and bathroom.
- The Drainage system was excellent with house drains emptying into street drains.
- Existence of public buildings.
- Lothal had a dockyard and was an important trading Centre.

Q.36. Write a note on the drainage system of Harappa?

Ans:-
- The drainage was made of mortar lime and gypsum.
They were covered with big bricks and stones which could be lifted easily to clean the drain.

- Smaller drains from houses on both the sides were laid on the main channel.
- Pits were provided for sewage for the houses.

Q.37. Discuss the functions that may have been performed by rulers in Harappan civilization?

Ans:-

- Some archaeologists say that Harappan society had no rulers and that everybody enjoyed equal status.
- Others feel there were no single ruler but several.
- Under the guidance and supervision of the rulers, plans and layout of the city were prepared.
- Big buildings, palaces, forts, tanks, wells, canals, granaries etc were constructed under the supervision of rulers.
- Roads, drains were also constructed and cleanliness was maintained under the overall supervision of ruler.
- The ruler might have taken interest in promoting the farmer to increase production and the craftsmen to promote different handicrafts
- He maintained and controlled extra ordinary uniformity of Harappa's artefacts like - Seals, Weight and bricks.
- During foreign attack and natural disaster he used to play an active role by providing security and food,
- He used to issue common acceptable coins or seals, weight and measurements.
Q 38- Write a short note on the seals of Indus valley people.

Ans:-
- More than 2000 seals have been found at the various sites.
- They are made up of various materials such as steatite, faience, ivory, pottery etc.
- They are very informative regarding dress, ornaments, hair styles etc.
- By the seals we know about the religions, commercial activities, etc.

Q 39. What do you know about trade and commerce of Indus valley civilization?

Ans:- Internal Trade: - was advanced Mohenjo-Daro, Harappa were main trade Centre. Heavy and small weight has been found at these sites. These are made up in the multiple of two as 1:2:4:8:16 upto 12,800.
- There was strict control on weight and measure.
- International trade - They had trade relation with other countries such as Egypt, Oman.
- The trade was carried both by sea and land
- Probably the metals like gold, silver, Tin and copper and precious stones were imported from the other countries,

Q 40- How did Harappan civilization come to an end?

Ans:-
- Some schools have tried to explain the important causes which led to the abandonment of the mature Harappan sites by 1800 B.C. E. Some of them are as follows:-
- By Floods - It is speculated that a sudden flood might have submerged the various town and buried them under the thick layer of mud.
- Due to the change in the course of Indus River.
- Climatic change - It is also possible that there was climate change and drought took place due to deforestation.

- Earthquakes - It is also probable that the nature itself turned the whole land upside down.

- Aryan Invasion - Some scholars say that Aryans were responsible.

Value Based Questions

Q 41: What value do you attach to the work of Sir John Marshall in leaving India three thousand years older than he had found her?

Ans:  
- He was the director general of Archaeological Survey of India
- By his effort it was proved that there existed a great civilization in India which was contemporary of Mesopotamia.
- For this great work we attach the value of thank fullness, indebtedness

Long Answer (8 Marks)

Q.42: How do archaeologists reconstruct the past?

Ans:  
- Recovering artefacts through excavation.
- Classification of finds that finds are whether tools or weapons or ornaments or both or something meant for ritual use.
- An understanding of the function of an artifact is often shaped by it resemblance with present day things. Beads, pots are obvious examples.
- Archaeologists reconstruct religious beliefs and practices by examining seals, some of which seem to depict ritual scenes
- Archaeologists often move from known to unknown that is from present to past regarding the reconstruction of religious practices.
- Remains of crops or pits are studied to identify food.
- By observing the different layers of sites they try to find out different things for the information of Socio-economic conditions, religious and cultural life of past people.
- Archaeologists also try to identify the function of an artefact by investigating the context in which it was found.
- Use of indirect evidence e.g. for clothing they depend on indirect evidence like description in sculpture.

Source Based Questions

Read the given passage carefully and answer the Questions that follow:

"Evidence of an "invasion"

- Deadman Lane is a narrow alley, varying from 3 to 6 feet in width. At the point where the lane turns westward, part of skull and the bones of the thorax and upper arm of an adult were discovered, all in very friable condition, at a depth of 4ft 2in. The body lay on its back diagonally across the lane. Fifteen inches to the west were a few fragments of a tiny skull. It is to these remains that the lane owes its name. FROM JOHN MARSHAL, Mohenjo-Daro and the Indus Civilization, 1931.

- Sixteen skeletons of people with the ornaments that they were wearing when they died were found from the same part of Mohenjo-Daro in 1925.

- Much later, in 1947, R.E.M. Wheeler, then Director - General of the ASI, tried to correlate this archeological evidence with that of the Rig-Veda, the earliest known text in the subcontinent. He wrote:

- The Rig-Veda mentions pur, meaning rampart, fort or stronghold. Indra the Aryan wargod is called purandara, the fort destroyer.
Where are - or were - these citadels? It has in the past been supposed that they were mythical ... The recent excavation of Harappa may be thought to have changed the picture. Here we have a highly evolved civilization of essentially non-Aryan type, now known to have employed massive fortification. What destroyed this family settle civilization?

Climatic, economics or political deterioration may have weakened it, but its ultimate extinction is more likely to have been completed by deliberate and large - scale destruction. It may be no mere chance that at a late period of Mohenjo-Daro men, women, and children, appear to have been massacred there. On circumstantial evidence, Indra stands accused.

In the 1960s, the evidence of massacre in Mohenjo-Daro was Questioned by an archeologist named George Dales. He Demonstrated that the skeletons found at the site did not belong to the same period: Whereas a couple of them definitely seem to indicate a slaughter, the bulk of the bones were found in contexts suggesting burials of the sloppiest and most irreverent nature. There is no destruction level covering the latest period of the city, no sign of extensive burning, no bodies of warriors clad in armour and surrounded by the weapons of war. The citadel, the only fortified part of the city, yielded no evidence of a final defense.

As you can see, a careful re-examination of the data can sometimes leads to a reversal of earlier interpretation.

Q1. Name the archeologist who presented this source?
Ans: John Marshall

Q2. Which argument for the destruction of Harappa civilization, does this excerpt indicates?
Ans: -This except indicates that the Harappa civilization was destroyed by foreign invasion.

Q3:- Who corrected this evidence with Rig-Veda? Why?
Ans:- R.E.M.Wheeler. Rig-Veda mentions pur, meaning rampart, fort or strong-hold. Indra, the Aryans’ war-god is called purandara, the fort destroyer.

Q4:- Who propounded the theory opposite to this? How?

Ans :- George Dales. He hesitates to accept that this invasion was carried out by the Aryans. He demonstrated that the skeletons found at the site did not belong to the same period: Whereas a couple of them definitely seem to indicate a slaughter, the bulk of the bones were found in contexts suggesting burials of the sloppiest and most irreverent nature. There is no sign of extensive burning, no bodies of warriors clad in armour and surrounded by the weapons of war.

Key concepts in nutshell

Several developments in different parts of the subcontinent (India) the long span of 1500 years following the end of Harappan Civilization:-

- Rigveda was composed along the Indus and its tributaries.
- Agricultural Settlements emerged in several parts of the subcontinent.
- New mode of disposal of the dead like making Megaliths.
- By 600 BCE growth of new cities and kingdoms.
- 600 BCE major turning point in early Indian history.
- Growth of 16 Mahajanapadas. Many were ruled by kings.
- Some known as Ganas or Sanghas were Oligarchies
- Between the 600 BCE and 400 BCE Magadha became the most powerful Mahajanapada.
- Emergence of Mauryan Empire, Chandragupta Maurya founder of the empire extended control up to Afghanistan and Baluchistan.
- His grandson Ashoka, the most famous ruler conquered Kalinga.
- Variety of sources to reconstruct the history of the Mauryan empire archaeological finds especially sculpture, Ashoka's Inscriptions, Literary sources like Indica account of megasthenes, Arthashastra of Kautilya and Buddhist, Jaina and puranic literature.
- Ashoka's Dhamma to hold his empire together.
- 16 Mahajanpdas - Vajji, Magdha, Kaushal, Kuru, Panchal, Gandhar, Avanti, Shuasena, Matsaya, Vatsa, Ujjayeni, Kashi, Malla, Anga, Kamboja, Ashmaka.

**New Notions of Kingship**

- By C 200 BCE emergence of new chiefdoms and kingdoms in several parts of the subcontinent.
- Cholas, Cheras and Pandyas in Tamilakam, known from Sangam text.
- Most of these states including Satavahanas and Shakas had control over long distance trade networks.
- Kushanas(First century BCE to first century CE) ruled over a vast kingdom extending from central Asia to north West India.
- Their history has been reconstructed from Inscriptions, Coins and sculptures which convey a sense of the notions of kingship.
- History of the Guptas (4th century CE) has been reconstructed from literatures, coins and inscriptions including Prashastis.
- What did subjects think about their rulers? Historians have tried to know this by examining stories contained in the Jatakas and Panchatantra.
- Strategies for increasing agricultural production - use of plough with iron plough share, introduction of transplantation and use of irrigation through wells, tanks, less commonly canals.
- Land grants to religious institutions or Brahmans, to extend agriculture to new areas or to win allies by making grant of land.
- Emergence of urban centers such as Pataliputra, Ujjayini, Puhar, Mathura etc.
- In the towns different types of people used to live such as washing folk, weavers, scribes, carpenters, potters, religious teachers, merchants, kings.
- Artisans and traders organized themselves in guilds or shrenis.
- Trading prevailed both in the subcontinent with east and North Africa, West Asia, South East Asia, China.
HISTORY

- India used to export spices, fine pearls, ivory, silk cloth, medicinal plants.
- Exchanges were facilitated by the introduction of the coinage. Punch marked coins made of silver and copper were amongst the earliest to be minted and used. The first gold coins were issued in (first century CE) by the Kushanas.
- James Prinsep an officer in the mint of the East India Company was able to decipher Ashokan Brahmi script in 1838.
- Limitations of Inscriptional evidence - (1) Technical Limitations - letters are very faintly engraved, damaged or letter missing, not sure about the exact meaning of the words.
  (2) Historical Fundamental Problem-Issues related to political or economic significance may not have been recorded (i) routine agricultural practice (ii) Joy & sorrows of the people.

PASSAGE BASED QUESTIONS:

Q 27. Draupadi’s Marriage

Drupada the king of Panchala groined a competition where the challenges were to string a bow and hit a target: the winner would be chosen to marry his daughter Draupadi. Arjuna was victorious and was garlanded by Draupadi. The Pandavas returned with her to their mother Kunti, who, even before she saw them to share whatever they had got. She realized mistake when she saw Draupadi. But her command could not be violated. After much deliberation, Yudhisthira decided that Draupadi would be their common wife.

When Drupada was told about this, he protested. However, the seer Vyasa arrived and told him that the Pandavas were in reality incarnations of Indra. Whose wife had been reborn as Draupadi and they were thus destined for each other?

Vyasa added that in another instance a young woman had prayed to Shiva for a husband. And in her enthusiasm, had prayed five times instead of once. This woman was known reborned as Draupadi and Shiva had fulfilled her desire convinced by these stories, Drupada consented to marriage.

1. What was the competition organized by the Panchala king Drupada for the marriage of his daughter?

2. Which two explanations were given by Vyasa to convince king Drupada for Draupadi being the common wife of the Pandvas?

Passage based Question:

In praise of taswir

Abu'l Fazl held the art of painting in high esteem: Drawing the likeness of anything is called taswir. His Majesty from his earliest youth, has shown a great predilection for this art, and gives it every encouragement, as he looks upon it as a means both of study and amusement. A very large number of painters have been set to work. Each week, several supervisors and clerks of the imperial workshop submit before the emperor the work done by each artist, and His Majesty gives a reward and increases the monthly salaries of the artists according to the excellence displayed. … Most excellent painters are now to be found, and masterpieces, worthy of a Bihzad, may be placed at the side of the wonderful works of the European painters who have attained worldwide fame. The minuteness in detail, the general finish and the boldness of execution now observed in pictures are incomparable; even inanimate objects look as if they have life. More than a hundred painters have become famous masters of the art. This is especially true of the Hindu artists. Their pictures surpass our conception of things. Few, indeed, in the whole world are found equal to them.

(i) Why did Abu'l Fazl consider the art of painting important?
Ans- Means both of study and amusement; the general finish and the boldness of execution now observed in pictures are incomparable; even inanimate objects look as if they have life.

(ii) How did he seek to legitimise this art?

Ans- Abul Fazl: an artist has a unique way of recognising God when he must come to feel that he cannot bestow life on his work ...

(iii) Why was painting a bone of contention between the emperor and the orthodox Islamic group?

Ans- The reference of Islamic prohibition of the portrayal of human beings enshrined in the Qur'an as well as the had is, which described an incident from the life of the Prophet Muhammad. Here the Prophet is cited as having forbidden the depiction of living beings in a naturalistic manner as it would suggest that the artist was seeking to appropriate the power of creation.

**SOURCE BASED QUESTION**

1. **On clearance and settled cultivation**
   Passing through one village in the lower Rajmahal hills, Buchanan wrote:
   The view of the country is exceedingly fine, the cultivation, especially the narrow valleys of rice winding in all directions, the cleared lands with scattered trees, and the rocky hills are in perfection; all that is wanted is some appearance of progress in the area and a vastly extended and improved cultivation, of which the country is highly susceptible. Plantations of Asan and Palas, for Tessar (Tassar silk worms) and Lac, should occupy the place of woods to as great an extent as the demand will admit; the remainder might be all cleared, and the greater part cultivated, while what is not fit for the purpose, might rear Plamira (palmyra) and Mowa (mahua).

   (i) Mention about Buchanan’s opinion of how the land of Rajmahal hills could be made more productive.

   **Ans**- Plantations of Asan and Palas, for Tessar (Tassar silk worms) and Lac; while what is not fit for the purpose, might rear Plamira (palmyra) and Mowa (mahua).

(ii) How were Buchanan’s vision and priorities on development different from the local inhabitants? Explain.

   **Ans**- Buchanan’s assessment of what was necessary was shaped by the commercial concerns of the Company and modern Western notions of what constituted progress. He was inevitably critical of the lifestyles of forest dwellers and felt that forests had to be turned into agricultural lands.
(iii) Explain how the inhabitants of the Rajmahal hills felt about Buchanan's ideas of production.

**Ans** - The experience of pacification campaigns and memories of brutal repression shaped the perception of British infiltration into the Rajmahal area. Every white man appeared to represent a power that was destroying their way of life and means of survival, snatching away their control over their forests and lands. People were hostile, apprehensive of officials and unwilling to talk to them. In many instances they deserted their villages and absconded.

**SOURCE BASED QUESTION**

**The problem with separate electorates**
At the Round Table Conference Mahatma Gandhi stated his arguments against separate electorates for the Depressed Classes: Separate electorates to the “Untouchables” will ensure them bondage in perpetuity … Do you want the “Untouchables” to remain “Untouchables” forever? Well, the separate electorates would perpetuate the stigma. What is needed is destruction of “Untouchability”, and when you have done it, the bar sinister, which has been imposed by an insolent “superior” class upon an “inferior” class, will be destroyed. When you have destroyed the bar sinister to whom will you give the separate electorates?

(i) What are separate electorates?
(ii) Why did Mahatma Gandhi oppose it?

SOURCE BASED QUESTION

“I believe separate electorates will be suicidal to the minorities”

During the debate on 27 August 1947, Govind Ballabh Pant said:

I believe separate electorates will be suicidal to the minorities and will do them tremendous harm. If they are isolated forever, they can never convert themselves into a majority and the feeling of frustration will cripple them even from the very beginning. What is it that you desire and what is our ultimate objective? Do the minorities or do they ever expect to form an integral part of a great
nation and as such to guide and control its destinies? If they do, can they ever achieve that aspiration and that ideal if they are isolated from the rest of the community? I think it would be extremely dangerous for them if they were segregated from the rest of the community and kept aloof in an air-tight compartment where they would have to reply on others even for the air they breathe …The minorities if they are returned by separate electorates can never have any effective voice.

i) What do you understand by ‘separate electorate’?
ii) What was the view of G.B.Pant to the aspect of ‘separate electorate’?
iii) Why was G.B.Pant against this demand? Give three reasons.

SOURCE BASED QUESTION

THERE CANNOT BE ANY DIVIDED LOYALITY

Gobind Ballabh pant argued that in order to become loyal citizens, people had to stop focusing only on the community and the self:
For the success of the democracy one must train him in the art of self-discipline. In democracies one should care less for him and more for others. There cannot be any divided loyalty. All loyalties must exclusively be centered on the state. If in a democracy, you create rival loyalties, or you create a system in which any individual or group, instead of suppressing his extravagance, cares not for larger or other interest, then democracy is doomed.

i. Why G.B. Pant wanted to see people as loyal citizens?
ii. What are criteria for the success of democracy?
iii. How does G.B. Pant define the attributes of a loyal citizen?

कर्ज़ कैसे बढ़ते गए?

दक्कन दंगा आयोग को दी गई अपनी याचिका में एक रैयत ने यह ख्यात किया कि ऋणों की प्रणाली कैसे काम करती थी:

एक साहूकार अपने कर्ज़दार को एक बंधन के आधार पर 100 रु. की रकम 3-2 अने प्रतिशत की मासिक दर पर उधार देता है। कर्ज़ लेने वाला इस रकम को बांड पास होने की तारीख से आठ दिन के भीतर वापस अदा करने का कारार करता है। रकम वापस अदा करने के लिए निर्धारित समय के तीन साल बाद साहूकार अपने कर्ज़दार से मूलधन तथा व्याज दोनों को मिला कर बनी राशि (मिलियर्डन) के लिए एक अन्य बांड उसी व्याज दर से लिखवा लेता है और उसे संपूर्ण कर्ज़ चुकाने के लिए 125 दिन की मोहलत दे देता है। तीन साल और 15 दिन बीत जाने पर कर्ज़दार द्वारा एक तीसरा बांड पास कर या रहा ... (यह प्रक्रिया बार-बार दोहराई जाती है) ... 12 वर्ष के अंत में ... 1,000 रु. की राशि पर उसका कुल व्याज 2,028 रु. 10 आना 3 पैसे हो जाता है।

(15.1) रैयत साहूकारों से ऋण किस उद्देश्य के लिए प्राप्त करते थे?

(15.2) ऋण की प्रणाली की रैयत ने किस प्रकार व्याख्या की?

(15.3) आप यह कैसे सोचते हैं कि रैयतों द्वारा ऋण लेने का तरीका उनके लिए दु:ख लाया?

How debts mounted

In a petition to the Deccan Riots Commission a ryot explained how the system of loans worked:

A sowkar lends his debtor ₹ 100 on bond at ₹ 3-2 annas per cent per mensem. The latter agrees to pay the amount within eight days from the passing of the bond. Three years after the stipulated time for repaying the amount, the sowkar takes from his debtor another bond for the principal and interest together at the same rate of interest, and allows him 125 days’ time to liquidate the debt. After the lapse of 3 years and 15 days a third bond is passed by the debtor ... (this process is repeated) at the end of 12 years ... his interest on ₹ 1,000 amounts to ₹ 2,028-10 annas-3 paise.

(15.1) For what purpose did ryots get loans from money lenders?

(15.2) How did the ryot explain the system of loans?

(15.3) How do you think that the way of borrowing money by the ryots brought misery to them?
